

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.

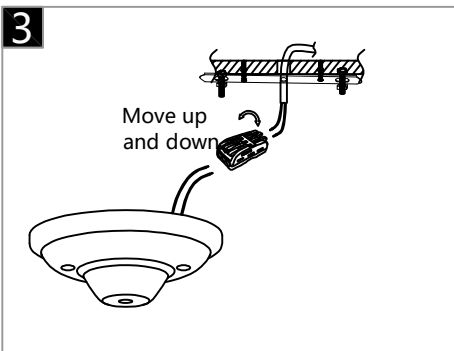

Product style diagram

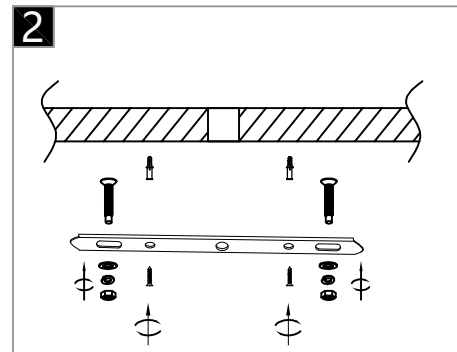

Steps of installation

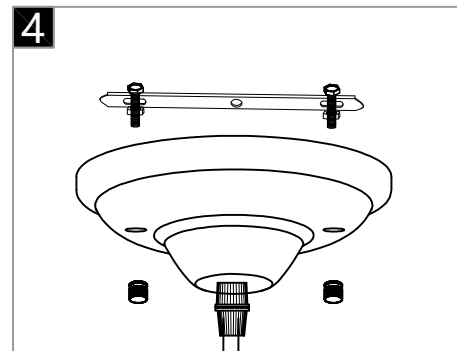

Insert the wires on the lampshade into the top cover, and then fix the lampshade in place using nuts inside the top cover.

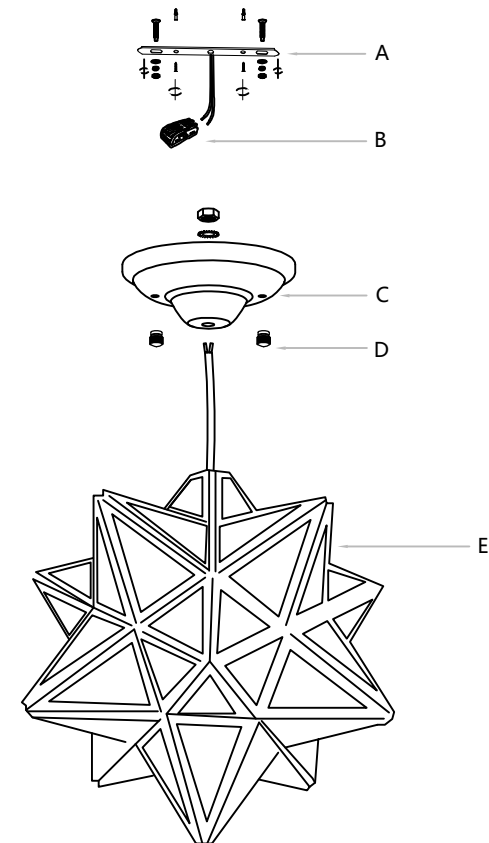

Connect the wires inside the luminaire and ceiling to the terminal, usually neutral wire (white), hot wire (black)

First, fix the expansion screws onto the ceiling, and then lock the mounting plate onto the screws.

Align the bottom holes on the top cover with the screws on the mounting plate, and then tighten them with a wing nut.

Insert the wires on the lampshade (E) into the top cover (C), then fix the lampshade (E) in place using a nut inside the top cover (C). Next, fix the mounting plate (A) to the ceiling. Then connect the reserved wires and the wires inside the top cover (C) to the terminal block (B). Finally, align the holes on the top cover (C) with the screws on the mounting plate (A), and secure them with a wing nut (D).
