

Installation Instructions

Model number: WM2070

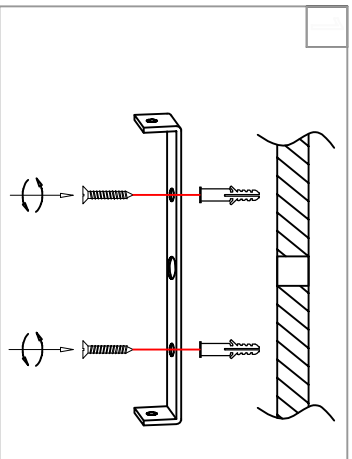

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.

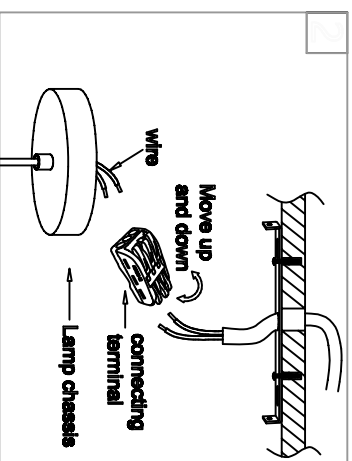

Product style diagram

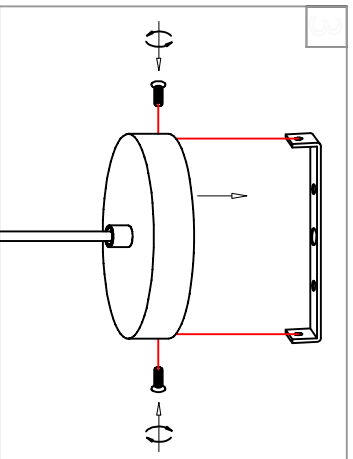

Steps of installation

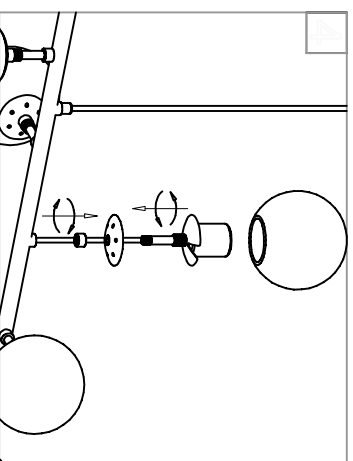

Install the mounting plate onto the ceiling.

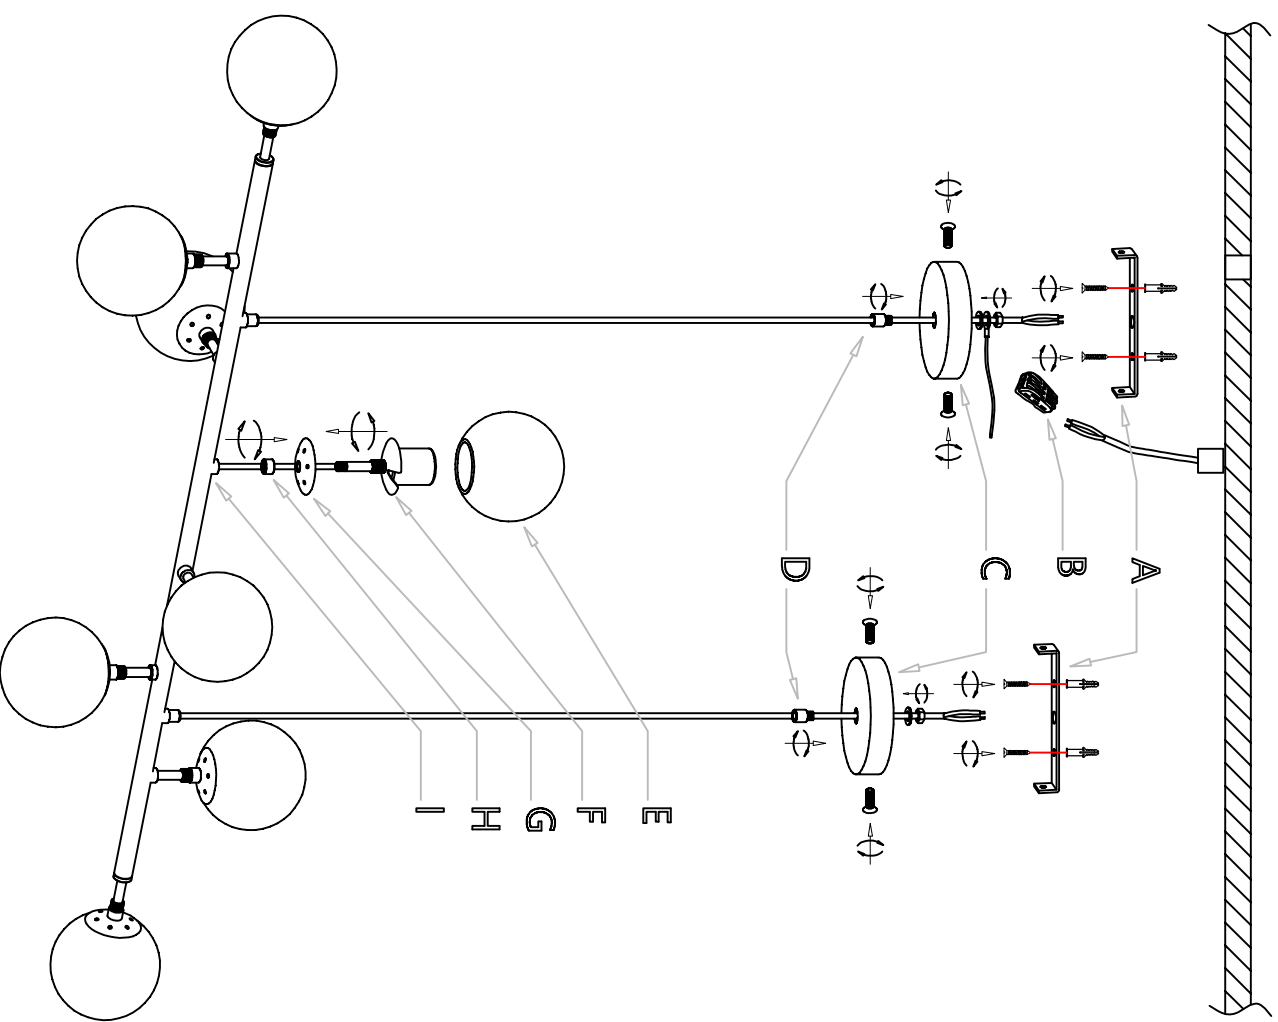

Use the quick connector to connect the wires on the disc to the wires on the ceiling.

Align the holes on the disc with the holes on the mounting plate, and tighten the screws.

Fix the lamp base onto the lamp body, install the bulb onto the lamp base, then insert the lamp base (F) into the lamp cover, cover the hole with the arc cap, and tighten the nut.

First, fix the lamp base (F) onto the lamp body (I), install the bulb onto the lamp base (F), then insert the lamp base (F) into the lamp cover (B), cover the hole with the arc cap (G), and tighten the nut (H). Next, pass the wire (D) through the hole in the middle of the disc (C), and tighten the nut. Then, fix the mounting plate (A) onto the ceiling. Then, use the quick connector (B) to connect the wires on the disc (C) with the wires on the ceiling. Afterwards, align the holes on the disc (C) with the holes on the mounting plate (A), and tighten the screws.
